July 24: As we depart today for this awesome adventure, you can sit back and enjoy the ride, as you are now on Vacation. Burgess Tours has taken care of every detail for you. We will enjoy a Group Lunch (included) in the Miramichi area, before we begin our afternoon “Scenic Costal Drive” along Route 11 where we will find several quaint fishing villages. This will make awesome picture stops along the way, so have your Cameras ready. Our stops this afternoon will include the N.B. Aquarium in Shippagan, as well as time to take in the beautiful Sentier Rivage Path (boardwalk) and Portage Lighthouse.

The New Brunswick Aquarium and Marine Centre in Shippagan is Atlantic Canada's largest public aquarium. Here you will discover an unsuspected number and variety of fish and invertebrate species, native to the Gulf of St-Lawrence. After seeing the fish tanks, come outside and wet your hands in our touch-tank next to our harbor seal tank - over 3 000 species in exhibition and a fishing exhibit.

As our afternoon comes to an end, we will continue our travel to Bathurst where we will make our home for the next 2 nights at the Atlantic Host Hotel. I have arranged a Group Dinner (included) for you along with an evening of "Musical Entertainment with Ivan & Vivian" so put your dancing shoes on!!

July 25: After a great night's sleep and a hearty breakfast we will be on our way to the "Village Historique Acadien" a must-see attraction in New Brunswick (included). A living museum portraying the daily lives of the Acadians from 1770 to 1949. The site includes forty historic buildings along a 2.2 km trail inhabited by fully bilingual guides. We will have ample time here to enjoy all the history it has to share. You will have several choices for your lunch (not included) here today so enjoy some French Cuisine. There will be open wagons that you can take along the way if you find the walk too much. Also, scooters can be rented for \$25.00.

I suggest you book early for the Scooters, as they have limited supply.

Early afternoon, we will enjoy a scenic drive as we venture along to the Miscou Island Lighthouse, located on the North- Eastern tip of Miscou Island at the entrance to the Chaleur Bay. It was built in 1856 and is 36 feet tall. For the more adventurous a climb to the top would give you some spectacular views.

Miscou Island was explored by Jacques Cartier July 3, 1534 so you are about to explore and learn the History of days gone by.

As our full day of Adventure comes to an end, we will make our way back to the Hotel where I have arranged a Group Dinner for you this evening (included). Following Dinner, we will enjoy a final night of Music "Kitchen Style" with Ivan & Vivian so have your favorite requests ready. Sure to be a fun time!

July 26: Today after a delicious breakfast, we will say good-bye to the beautiful North Eastern Shores of New Brunswick.

From here, we will make our way back towards the Miramichi, where we will enjoy a Cruise on the Miramichi River with History & Stories of old as we sail along.

Once we have debarked from the Cruise, we will top off our Tour with a Fair Well Dinner (included) in the Miramichi area. Following Dinner, we will be homeward bound taking with us many new friendships and memories of the Acadian History on the North Eastern Shores of New Brunswick.

Book early for this Amazing Adventure right here in our own backyard of N.B.!
